

SAVE ON FUEL COSTS!

Hit your car with a
SLEDGEHAMMER!
and make it Run-Rite!

Sledgehammer Fuel System Ultra Treatment is suggested for use with each oil change or every 3,000 miles. It can help:

IMPROVE FUEL ECONOMY

REDUCE EMISSIONS

RESTORE LOST ENGINE POWER

IMPROVE ACCELERATION

"Off the track, I use Run-Rite - and you should too! It makes my car drive better, gives me more power under the pedal, and improves my fuel economy. And with gas prices these days, whose going to turn that down? Make it Run-Rite, right now!"

- Racing Superstar Danica Patrick

SLEDGEHAMMER!

Fuel System Ultra Treatment

"The Hammer" is loaded with **premium detergent additives** which are designed to remove even the toughest dirt and deposits from fuel injectors, valves, ports and combustion chambers. This can result in **improved fuel economy**, reduced emissions, better acceleration, and many other benefits.

Documented test results show that the active ingredients in Run-Rite Sledgehammer cleaned dirty injectors and kept them clean for more than 4,000 miles!

Service Recommendation:

Sledgehammer is suggested for use with each oil change or every 3,000 miles.

For maximum results, have a Run-Rite multi-step fuel system cleaning performed annually.

Satisfaction Guaranteed.
